South West Fibre Pty Ltd (SWF) is a plantation woodchip processor and exporter. SWF’s chip mill is located in Myamyn Victoria and woodchip is exported through the Port of Portland.

SWF is certified to the following FSC standards:

- FSC Standard for Chain of Custody Certification (FSC-STD-40-004 V2-1 EN); and
- FSC Standard for Company Evaluation of FSC Controlled Wood (FSC-STD-40-005 V2-1 EN); and
- SWF is in the process of upgrading to the new version of the FSC controlled wood standard, ‘Requirements for Sourcing FSC® Controlled Wood’ (FSC-STD-40-005 V3-0 EN).

SWF purchase plantation wood primarily from the Green Triangle region in Victoria and South Australia. Wood is purchased from both FSC® certified suppliers and non-FSC certified suppliers.

We invite stakeholders that are involved with or have an interest in SWF’s plantation wood supply to offer comment or feedback to SWF by the 15th June 2017 in relation to SWF’s processes for ensuring High Conservation Values (HCVs) such as biodiversity, forest ecosystem health, soil and water, cultural and heritage values are identified and protected.

SWF’s Stakeholder Consultation Form (Doc 266) outlines details of SWF’s processes for HCV protection, and stakeholders may use this form to submit written comments to QCE.

The links below provide documentation relating to South West Fibre’s implementation of the standards and stakeholder involvement.
